MESSAGE FROM THE PRINCIPAL

Dear Parents,

After Lunar New Year holidays, students came back to school and all operational activities has been running as usual;

The school has established the Student Government Organization, including:

- The Board consists of a Chairman plus 2 vice-chairmen (representatives of 3 school levels) and 12 representatives of all classes.

The purpose of the Association:

- Meeting Parents's expectation for the comprehensive development of students
- Establishing a stable relationship between the school and students
- students to have rights and obligations in discussing with teachers for school activities throughout the school year.

In February, the school has very helpful activities after lessons:

- On 15th of Feb, 2019: grades 6 to 11 had a friendly football match with Grade 10 students of Hoang Van Thu High School.
- On 22nd of Feb, 2019: The school organized the sport festival for all students with many team-building games: Passing water balls, Competing to steal flags, Throwing balls into baskets ...

The activities run by the Student Association has been showing the energy and responsibility of each member and the happy and enthusiastic competition spirit of whole school students.

We wish you good health, happiness and success.

The Principal

Mrs. Nguyen Thi Hanh

SSC BOARD OF MANAGEMENT

PRESIDENT

VICE PRESIDENT (LEARNING)

VICE PRESIDENT (SCHOOL EVENTS)

Grade 1 – On the Farm

For the past month, Grade 1 students have been learning about different animals and the habitats where they live. This includes farm animals such as the cow, sheep, horse and rabbit, sea creatures such as whales, dolphins and sharks and finally the animals of the African savannah, including the lion, elephant and giraffe. As part of their learning, they have produced posters showing these various environments and animals, made a woolly sheep and learned to sing and dance to the “Animal Boogie Woogie” song. Everyone has had a lot of fun this past month!

This topic has also enabled our youngest learners to say their favourite animals and describe them. Revising past units, they are now more easily able to understand and answer questions about family, colours, toys, furniture, classroom objects and facial features and also to learn and practice important values such as sharing, teamwork, listening to others and paying compliments.

As teachers, one of the great rewards is to see young learners blossom as their skills and confidence grow. The journey to being proficient in English is just beginning for our Grade 1 learners, but their enthusiasm and effort augurs well for a bright future.

Mr. Jonathon Marquis – EFL Teacher

SWIMMING - HEALTH BENEFITS

Swimming is a great workout because you need to move your whole body against the resistance of the water and is a good all-round activity because it:

- keeps your heart rate up but takes some of the impact stress off your body
- builds endurance, muscle strength and cardiovascular fitness
- helps maintain a healthy weight, healthy heart and lungs
- tones muscles and builds strength
- provides an all-over body workout, as nearly all of your muscles are used during swimming

In addition, swimming has many other benefits including:

- being a relaxing and peaceful form of exercise
- alleviating stress
- improving coordination, balance and posture
- improving flexibility
- providing good low-impact therapy for some injuries and conditions
- providing a pleasant way to cool down on a hot day
