March 2018

Dear Parents,

In March 2018, SVIS @ Nha Trang had organized many activities for the students:

* March 8th: For International Women's Day, students from grades 1 to 10 of SVIS @ Nha Trang have conveyed their love to their teacher & mother with sweet lines and thoughts. Their drawings and hand-writing were innocents and lovely.

* March 23: The school has organized a special activity for our students. They visited The 100-Egg-Theme Park in Phuoc Dong, Nha Trang, Khanh Hoa. They participated in many activities to build-up their team spirit & their organization skills. In addition to these activities, some students have joined the swimming club. Swimming lessons helps them to reduce stress and increase their concentration as well as stimulate their creative-thinking.

* The Primary school students have completed the mid-semester tests. The results are going to help teachers to identify students who need supports.

Thank you for your continued support!

Principal,
Mrs. Nguyen Thi Hanh

English club on Wednesday mornings

The children have been enjoying to attend the new English club on Wednesday morning before class. It's an opportunity for them to use their English skills outside the classroom and to work together as a team. We play games and conduct activities and the children have reacted with joy and excitement to play and socialize with games led in English.

English club is a great opportunity for the students to use their classroom learned skills in a less formal play focused environment and this consolidates what they learn in the class. Children are always happy to play games and if the game is educational then it advances their learning.

English club is every Wednesday morning from 8 – 8.30am

Bruce Lamberton, EFL Teacher

HANDWRITING CLUB

The handwriting club of SVIS @ Nha Trang always attracts a lot of involvement and support from students and parents.

Through writing sessions, students grasp the 'golden' rules such as how to hold a pen properly, how to improve their sitting posture, how to write basic sentences and creative letters.

The achievement of the handwriting club is expressed on the student bright cheerful faces. This level of happiness cannot be express into words from our teachers and from all teachers who are devoting themselves in a teaching career.

Ms. Nguyễn Ngọc Hoài My, Primary Teacher

INTERNATIONAL WOMEN'S DAY

Each year on the 8th of March, International Women's day is celebrated around the world and SVIS Nha Trang didn't miss the occasion to celebrate it as well. It was an important opportunity to highlight women's involvement, contributions and accomplishments.

The 10 graders of SVIS Nha Trang celebrated International Women's day by creating and presenting a PowerPoint about women who change the world. Marie Curie, Angela Merkel, Vo Thi Sau, Hellen Keller and Lady Diana were some of the few women who were honored by our students. The accomplishments of these women will be remembered and will be a source of inspiration for our students at SVIS Nha Trang.

Mr. Riccardi Bessard, EFL teacher

OTHER ACTIVITY – EXCURSION TO 100-EGG THEME PARK

School outing is a very important activity for teachers and students of SVIS @ Nha Trang. Every year, in addition to the extra-curricular activities organized at the school, students also have a chance to visit and experience the tourist areas and famous places in Khanh Hoa. This activity aims to promote the spirit of solidarity, self-reliance and responsibility in their external school environment. They have chances to visit and rediscover the nature, having fun and learning through team-building activities.

On March 23rd, they had a chance to visit the 100-egg Theme Park in Phuoc Dong Commune, Nha Trang City, Khanh Hoa Province. Team-building activities and swimming activity provided children with additional energy to continue studying and getting ready for the next trips in the near future.

SWIMMING COURSE 2017-2018

In April and May, students will be attending a swimming course at Yết Kiêu Swimming Pool (10 Yersin, Nha Trang, Khánh Hòa).

Teacher will accompany students to the pool from 16:15 and parents will pick up their children at 17:30.

Instructors are experienced with detailed swimming lesson plans for different levels of students.

The swimming lessons are essential for our students. Swimming is one of the skills that students need to learn, especially for those living in our coastal city.
