MESSAGE FROM THE PRINCIPAL

Dear Parents,

The new academic year has been running for 2 months now and our class teachers always keep contacting with parents to inform of our students learning progress. After an initial assessment, we found that there are some students need to focus more on learning to improve some subjects. In order to get the best results during learning, we wish parents to cooperate with us for our students to improve. Some points we need to communicate together as below:

- Class teachers to contact with parents on daily and weekly basis to have proper methods of teaching and learning for students.
- Subject teachers will support consolidating the lessons for weak students with both theories and exercises.
- Students are encouraged to participate in homework clubs after school.

Apart from these points, the school is continuing to update new teaching methods and life skills during teaching and learning activities to create binding and sharing between students and teachers.

Your continued support is much appreciated.

Principal,

Nguyen Thi Hanh

REGULATIONS ON TRAFFIC SAFETY AT SCHOOL

To ensure safety for all students when you drop off and pick up your child at the main lobby, please note some points as below:

1. Reduce speed when entering the main gate.
2. Please do not park your car in front of the lobby.
3. Please park vehicles at the allocated areas for cars and motorbikes.
4. Please remind children to wear a helmet.

WELCOME LETTER TO STUDENTS OF YEAR 1

I have been welcoming our students from Year 1. I still remembered the first time I saw them who have very nervous eyes. I could not express my feeling at the time.

Besides the happiness, I still have some worry. I thought that it would be fine because our school always has my great pedagogical team to support us and the parents are always concerned, supportive and motivated. I will spend more time to help students getting along well quickly with the new teachers, friends and school.

As a teacher of Elementary, I always feel proud and happy when teach students . Their parents trust and choose our school.

I know that there will be challenges for upcoming time during the whole school year but I believe that we can overcome and never give up enthusiasm.

Welcome to students – Year 1 to our School Year 2017-2018 @ SVIS Nha Trang.

Class Teacher

EXCURSION ACTIVITIES DATED 29/09/2017

Apart from the main subjects conducted in classrooms, our students are also provided with extra life skills courses such as field trip and excursion activities.

First trip taken on 29 Sep 2017 was to Mystery Beach where helped students to learn more about seashell collection, coral and other sea living things; study about Gong Culture and stories of Suiseki rock. The full-day trip helped to develop team-work, social-interaction, communication skills, craftsmanship and practical life skills for students.

Last but not least, our students can do traditional sweet soup made by sticky rice and fresh bean sprout at home after the trip.

EXTRA CURRICULUM ACTIVITIES

Extra curriculum activities continue for students as life skills courses for them through the academic year. The students will have 30 minutes on Wednesdays for English activities and on Fridays for Vietnamese activities from 08 :00 to 08 :30am at the Hall.

After school, some extra clubs are offered free with a range of options for students such as basketball, badminton, Taekwondo, Aerobic, handmade, handwriting..etc..Each club has its strengths and most of them help students to find their talents and hobbies through extra clubs.

They also help students to play and practice with sports and other skilled subjects to strengthen learning and happiness at SVIS@ NT.
